Description of the fund (max 200 characters)	The AMIF is a fund set up by the European Union to facilitate and strengthen a common approach to asylum, migration and integration. The funds from the integration component are shared between Flanders, Wallonia and the federal government. The Flemish strand focuses on strengthening an inclusive and horizontal integration policy for newcomers migrating to Flanders and Brussels from non-EU countries. For example, it supports projects aimed at strengthening social networks and the participation of newcomers.
